**Roll Call**

The meeting was called to order by Chairperson Curt Niehaus with 7 present for a quorum.

**Approval of minutes for October 3, 2019**

Motion by Ms. Wilson to approve; second by Mr. Peek. **APPROVED** (7-0-0)

**Public Comment – none**

**Election of 2020 Officers** –

Following discussion of the typical rotation of chair/vice-chair, there was a motion by Mr. Fiander and second by Mr. Anderson to elect Carlton Scroggins as 2020 Chairperson and Kristi Wilson as 2020 Vice-Chairperson. **APPROVAL (7-0-0)**

**Action Items**

**2019-2022 TIP Amendment #8, request to put out for public comment:**

- C-5033-01 Upgrade traffic signals with protected lefts for RR crossing and intersections with left turn bays. Located along S. Topeka Blvd. @ 57th, University, and Gary Ormsby Dr.
- KA-5526-01 Bridge Maintenance work on Bridge #250 located at the junction of Croco Rd./I-70
- TMTA 5339 Grant for Maintenance Equip., Operator Barriers, and Bus stops for phase 10

Mr. Scroggins introduced the proposed amendment, noting regarding the first item that there have been a number of traffic accidents resulting from people making left turns in front of oncoming traffic. Mr. Niehaus provided additional details about the proposed project. Signals will be replaced at 3 intersections; improvements will be electronic & structural and will include improved coordination with railroad crossings. KDOT will pay 90% and the county will pay the 10% match. The county hopes the project will be let by mid-September of 2020 with construction taking place over winter 2020-2021. Responding to a question from Mr. Peek, there’s no formal plan in the design phase of the project to coordinate the signals.

Regarding Bridge 250, Mr. Niehaus noted that the timing may be a concern due to the fact that the county’s SE 29th Street project will be continuing in 2020. Following additional information provided by Mr. Niehaus and discussion, it was noted that the purpose of today’s amendment is to move forward so funds can be obligated. Mr. Niehaus’s concerns will be shared with the appropriate people at KDOT and discussion will need to take place as the project is planned and timing is considered.
Mr. Scroggins introduced TMTA 5339 grant and Mr. Rothrock explained that the operator barriers provide protection to bus drivers and are becoming more common. To date there have been no significant assaults on the drivers, but TMTA is seeking to be proactive.

Motion by Mr. Peek, second by Mr. Fiander to approve the amendment go out for public comment. APPROVAL (7-0-0)

Discussion/Non-Action Items / Quick Updates

TAC Bylaws
Mr. Scroggins explained that the bylaws are being provided for review and comment. Mr. Peek asked if designated members are contacted about meetings and staff will update the contact list as necessary. Mr. Anderson stated that Anna Ortega will be the designated alternate for him and Mr. Peek stated that Kristi Ericksen and Brian Faust would be designated alternates for him.

Zagster Scooters / Bikes
Mr. Fiander gave an update on negotiations that have taken place with Zagster regarding providing bikes and scooters. We have entered into an agreement with Zagster for a pilot period of 1 year, said agreement scheduled to begin in April 2020.

Mr. Fiander answered questions and Mr. Rothrock provided information about the current bikeshare program which is scheduled to end in 2020. They’re not sure what will become of the current bikes but the last group was able to be sold.

Healthy Lifestyles Grants
Ms. Ricketts explained BC/BS’s Pathways to A Healthy Kansas program is currently taking grant applications for up to $200k toward projects geared toward community-type projects. Planning & Development may submit an application but Ms. Ricketts wanted to make everyone aware that they can submit a letter of intent to BC/BS by January 17 if they’re interested in applying. Applications will be due in March. Discussion included possible projects which might include temporary curbing for bike lane protection and trail connections. Mr. Fiander noted that this could potentially be included in Bikeways funding. Also mentioned was adding signage or medallions on trails giving info about distances.

Bikeways Master Plan Update
Ms. Ricketts reported that currently the consultants are working on a list of priority projects and a draft document/plan. They are closer to finalizing the priority list to go to CSAC and eventually to the public to comment on. A document draft is expected by February 14 with a final draft in April.

Other
Mr. Rothrock reported that automatic vehicle location went live last Monday and an app is now available so people can see bus locations and get updates in real time.

Mr. Rothrock was asked when TMTA expects to get electric buses. TMTA has won a grant to pay 85% of the purchase cost of electric buses. Mr. Rothrock explained that the board had requested studies be done to be sure of the impact electric buses would have prior to accepting the grant. The studies are not complete but seem to be pointing toward electric busses being an asset. Buses are not scheduled to be placed until March 2022 so they have some time. If they chose not to accept the grant, TMTA would pay 100% of the cost to purchase new diesel buses.

The meeting adjourned at 3:02PM

MTPO’S POLICY ON UNIFIED PLANNING WORK PROGRAM MODIFICATIONS

Modifications to the Unified Planning Work Program (UPWP) can be made through two methods – formal Amendment and Administrative Revision. Both formal Amendments and Administrative Revisions are processed as needed throughout the year. Formal Amendments will be released for public review and acted upon by the Metropolitan Topeka Planning Organization’s (MTPO) Technical Advisory Committee (TAC) and Policy Board before being incorporated into the UPWP.

Administrative Revisions: process consists of notification from the MTPO to all other involved parties, KDOT, FTA and FHWA, as well as to the MTPO advisory bodies. Changes made through Administrative Revision will be noted when the next formal UPWP amendment is brought before the TAC and Policy Boards. Revisions include minor corrections or changes and routine data updates (e.g. spelling or grammar errors, updates of hourly rates for staff, or graphic improvements). Revisions will also be used for routine technical changes and updates to the UPWP text, graphics, and minor budget changes of 15% or less but not exceed $20,000 (for the UPWP budget total, or the total for any one funding source). Changes to the non-staff budget items (e.g., equipment and supplies budget) or for the cost of any staff work task may be changed by more than 15% through an administrative revision as long as said changes do not change the UPWP budget total cost by more than 15%. Administrative Revisions do not have to be released for public review.

Formal Amendments: Major changes, all instances that do not qualify as Administrative Revisions. The following are also instances in which a formal Amendment is required:

- Including additional funding other than CPG or CPG supplement funds.
- Addition or deletion of a project/activity
- Changes in the amount of matching CPG funds in excess of a revision.
