Updated COVID-19 Vaccine Booster Eligibility and Availability

Topeka, Kan. – The Kansas Department of Health and Environment (KDHE) today has adopted the Center for Disease Control and Prevention’s (CDC) expanded vaccine booster eligibility recommendations regarding Pfizer-BioNTech COVID-19 booster recommendations to include adolescents 12-15 years old. This recommendation also includes a shorter booster waiting period for the Pfizer-BioNTech vaccine; reducing the time between the primary series and the booster dose to 5 months.

Moderately or severely immunocompromised children ages 5-11 can now also receive an additional primary dose of the COVID-19 vaccine administered 28 days after the second dose of the primary series.

The following graph outlines the differences between each authorized vaccine boost dose and the eligibility of each vaccine variety:

Individuals are encouraged to discuss with their medical provider any questions surrounding their eligibility for a booster dose. However, a letter or prescription from a qualified medical provider or a letter from a workplace setting will not be required. Individuals are encouraged to bring their CDC vaccination card as documentation of their primary vaccine series; however, this is not required.

Healthy People – Healthy Environment – Healthy Shawnee County
Individuals may receive **ANY** authorized booster type, regardless of the primary vaccine series received.

The Shawnee County Health Department (SCHD) continues to strongly encourage residents to protect themselves by getting a COVID-19 vaccine and a booster when they are eligible. Many opportunities to receive a COVID-19 vaccine continue to exist in our community and can be found easily through the CDC's Vaccine tool.

The SCHD is currently offering COVID-19 vaccine boosters, in addition to other vaccines, at their immunization clinic located at 2115 SW 10th Ave, by appointment only. Individuals can call 785.251.5700 to schedule an appointment for the following hours:

Low-Income Energy Assistance Program Helps Heat Kansas Homes

A perfect storm of cold weather and expensive energy costs is headed to Kansas households heating bills this winter.

National gas costs are projected to rise by 30 percent while energy costs are expected to be six percent higher, according to the U.S. Energy Information Administration and the Kansas Corporation Commission. They explain that high natural gas and energy usage from Winter Storm Urll in February 2021, high demands on natural gas from heat waves this summer, energy shortages in Europe and Asia, and declining domestic production, all combined will cause energy and natural gas costs to be higher than normal this winter.

"This strain on already stressed family financial situations is cause for concern," said DCF Secretary Laura Howard. "The Kansas Department for Children and Families (DCF) is ready to assist Kansans with the Low-Income Energy Assistance Program (LIEAP)."

LIEAP provides an annual benefit to help qualifying households pay winter heating bills. Persons with disabilities, older adults and families with children are the primary groups assisted. Applications for the program will be accepted beginning Monday, Jan. 3. In 2021, 38,750 households received an average benefit of $1,389, an increase from 2020 when about 34,000 households received an average benefit of $960.

To qualify, applicants must be responsible for direct payment of their heating bills. Income eligibility requirements are set at 150 percent of the federal poverty level. The level of benefit varies according to household income, number of people living in the home, type of residence, type of heating fuel and utility rates.

Applicants need to have made payments on their heating bill two out of the last three months. Those payments must be equal to or exceed $80 or the total balance due on their energy bills, whichever is less.

Applications for the program have been mailed to households that received energy assistance last year. LIEAP applications are also available at local DCF offices and through partnering agencies starting Jan. 3. They can be requested by calling 1-800-432-0043. To apply online, visit https://cssp.kees.ks.gov/apspssp/sspNonMed.portal. For more information, visit http://www.dcf.ks.gov/services/ees/Pages/EnergyAssistance.aspx.

Applications will be accepted from Jan. 3 to 5 p.m. March 31.

1. Question: Who qualifies for LIEAP?  
Answer: Qualifying households must:  
• Not exceed the income limits in the chart displayed to the right  
• Be personally responsible for the heating fuel costs payable either to the landlord, utility company or fuel vendor  
• Have made recent payments of at least $80 toward their costs

3. Question: Can I qualify for LIEAP if my name is not on my utility bill?  
Answer: The applicant/person signing the application must be the person whose name appears on the primary heating source energy bill. If you pay the landlord for fuel costs included in the rent, or owed in addition to the rent, you may also qualify and should apply for LIEAP under your name.

4. Question: Can I split my benefit if my name is on one utility bill and someone else's name is on the other bill?  
Answer: No, you cannot split your benefit between two vendors if the applicant's name is not on both utility bills.

Answer: LIEAP pays only one benefit per year.

6. Question: How will I know if I'm eligible for a benefit?  
Answer: You will receive written notification by mail once a decision is made.

TOPEKA METRO

PUBLIC MEETING NOTICE

Topeka Metro will host three public meetings in January to gather public input regarding a proposed system-wide service reduction as the result of a current shortage of bus operators. The labor shortage is NOT due to COVID-19 cases amongst employees, but due to difficulties in recruiting and retaining bus operators, the same difficulties currently experienced by so many employers.

Throughout the COVID-19 pandemic, Topeka Metro has maintained a reliable and high level of service, connecting people with jobs, groceries and medical appointments in the most difficult and trying of times. The ridership during these times highlights public transit’s value, the community’s reliance on public transit, and Topeka Metro’s unfailing ability to deliver this critical service. Unfortunately, the shortage of bus operators requires Topeka Metro to explore reduced services so that we can maintain the same reliability that customers have come to expect.

Members of the public are encouraged to attend and offer input regarding Topeka Metro services. Comments will also be accepted through Friday, January 21st, 2022 in the following ways: in person at the Quincy Street Station (820 SE Quincy St.); via regular mail; by telephone at 785-763-7000; via fax at 785-854-8476; and by email on our website at https://www.topekametro.org/contact-us.

Importance: High

We have two more water main breaks impacting traffic this morning.

First, SW 17th St is fully closed between SW Sims to SW Hope St. This will likely be the same as the previous 17th closure from Green Acre to McAllister (which should now be open) in terms of duration.

Second, SW 21st St is closed for westbound traffic west of the intersection of 21st & Gage. All other directions at 21st & Gage are open. Due to temperatures/weather, this will likely take 2-3 weeks to repair.

Importance: High

We have more water main breaks that have come in with closures.

First, SE 29th St has both westbound lanes closed between SE Cunningham and SE Monroe. Traffic has been shifted over to one-way each direction in the eastbound lanes. Standard 2-3 week repair time/weather permitting.

Second, SW 17th St is fully closed between SW Green Acres Ave and SW McAlister Ave. This portion is completely closed to thru traffic while crews determine the extent of the damage and work needing to be done. Once that determination is made, there will be an update pushed out (expecting 1-2 days turnaround on update).

Third, SW Oakley between SW 15th and SW Shadow Ln is fully closed. Standard 2-3 week repair time/weather permitting.

**City of Topeka Housing Services Division to release liens on properties**

TOPEKA, Kan. – Those who have a current lien with the City of Topeka’s Housing Services Division may now have their lien released. This change is due to the City’s new Lien Release Program.

Over the past 40 years, the City has provided thousands of rehabilitation loans to citizens. After the City completed the rehabilitation, a lien was placed on the property, with a partial forgiveness after a period of time.

Under the new Lien Release Program, 100% of the loan with the City of Topeka’s Housing Services Division will be forgiven if the homeowner stayed in the home for a period of at least 5 years. To date, the City has done over 80 releases, which has helped put nearly $300,000 back into low-income households.

“By removing the lien on the property, we’re allowing people to be able to make improvements to their property by using their own funds. This was something we had been looking at for some time, and I’m excited to have it come to fruition,” said Corrie Wright, Division Director of Housing Services.

Only those who have a current lien with the City’s Housing Services Division will qualify for the Lien Release Program. The new policy will apply to future rehabilitation loans. Those with questions regarding the program, or to see if you qualify for a release of the lien, can contact the Housing Services Division at 785-368-3711.
