MEDIA INVITE AND RELEASE

### ***Topeka Habitat for Humanity to Dedicate 112<sup>th</sup> Home***

**[Topeka, KS]** –Topeka Habitat for Humanity will celebrate the completion of the organization’s 112<sup>th</sup> newly, constructed home, Thursday, March 31, 2022 with a home dedication commencing at 6:00pm.

This home, located at 1717 SW Harp Place, for the January Family, was constructed with financial support from the City of Topeka, the Larson Family Foundation, and many other in-kind donors.

“This is a huge accomplishment for not only the organization, but for Aleka (January), her mother, Nally, who will join her in the home with her three children. Aleka has worked hard to always have a safe, affordable, warm home to return to each day,” said Janice Watkins, CEO, Topeka Habitat for Humanity. “She has achieved financial stability and skills during the process to more than prepare her for home ownership and we are thrilled to be a part of her journey.”

The January Family Home is fully furnished due to ongoing support from Advisor’s Excel, Ikea and Whirlpool. The family will soon pay a zero-interest mortgage to Topeka Habitat for Humanity.

“I am so grateful to Topeka Habitat for Humanity, all of the volunteers and the many hands and hearts that made this home a reality for me and my family,” said Aleka January. “I am truly blessed by this community.”

The family and staff will be available at 6pm for media interviews and the dedication will be streamed via the Topeka Habitat Facebook channel. Following the dedication, the community is invited to tour the home.

#### **About Topeka Habitat for Humanity**

Topeka Habitat is a non-profit, community housing development organization that brings people together to build homes, communities and hope. Dedicated to ending substandard housing, Topeka Habitat builds and repairs homes in a partnership model. All of these efforts are additionally supported by the Topeka ReStore, located at 121 NE Gordon, which sells donated home improvement items at a discount to raise funds for Topeka Habitat. For more information visit [www.topekahabitat.org](http://www.topekahabitat.org) or call 785-234-4322.
