# Q01b. Grant Information - User-supplied

**Grant Information** The APR you are reporting on is for the following grant. This data in this form is prepopulated from data exported from e-snaps and LOCCS. All information in the APR must be provided for the Operating Year as

shown above.

If the term of the grant was formally extended by HUD and the local HUD field office updated LOCCS accordingly, the term in months would show as more than 12 months and the Operating Year End Date would be adjusted accordingly. If an extension was received for filing the APR no term change would be made in LOCCS and the reporting period will remain the same. All information submitted in this APR must reflect the full operating year.

### The Operating Year is established in LOCCS with the first draw of funds on the grant. If it is not correct, contact the local HUD field office directly for the date to be corrected in LOCCS. Once it is corrected and the data has been transmitted to Sage the form will

automatically update. You cannot change the date yourself either through LOCCS or in Sage.
