# East Topeka North Housing Conditions

The following page is the Vision Statement from the 2002 East Topeka Neighborhood Plan. The intent is to describe how YOU – the neighborhood – want to see the neighborhood in 15 years.

The goal of this exercise is to bring a positive vision that makes the reader visualize the potential you see. This capture their attention and makes them want to read the full plan and visualize how these changes will happen.

The “how” will be addressed through each segment of the Plan that we cover in the following months.

Please read over this document and email me specific changes you feel need to be made to make this reflect the current vision of the neighborhood. You may also re-write this entire section if you have an idea of how to make this more impactful and give the reader a better connection to your community vision.

Thanks for your participation and ideas in shaping YOUR neighborhood plan.

## 2002 East Topeka Neighborhood Vision Statement

In the year 2016, a Payless Shoe information technology executive bikes home one summer evening after a hard day at the office. Prior to taking the rustic Deer Creek Trail connection to the Shunga Trail, she stops by the Eastboro Walgreens drug store to pick-up her grandmother's prescription. The store is a-buzz with talk of her 20-year Scott Magnet School class reunion being held at the new hotel and conference center down the street off of I-70 and Deer Creek. She hops back on her bike and follows the Shunga Trail till it reaches her new townhouse that overlooks the Shunga Trail greenway with a view of the Jayhawk Hotel sign and Capitol dome out her back window. She says hello to her new neighbors who just moved here from Lawrence and "hola" to her old neighbors who own one of the many Mexican-run businesses on 6th Street. On her way to her grandparents, she drives down 6th Street enjoying how beautiful it is now that the Bradford pear trees are in full bloom on the landscaped medians. As she stops at Abbott Community Center to see if her son is back from summer camp, she gazes out to see him taking a turn in the water park spray. She calls out to him to meet her over at his great-grandparents' apartment in the historically renovated East Topeka Jr. High Senior Living Center. As she walks over to the apartment she signs-up to volunteer in this year's Housing Rehab-A-Thon. Her grandparents remind the young executive of the sacrifices that were made to bring East Topeka back and they share a moment of satisfaction as grandpa gets ready to go catch some carp at the East Topeka Fishing Lake.
