Residential & Commercial Growth

The Planning & Development Department issues and tracks building permit information in the City of Topeka.

Total building permits issued is an indicator of development activity. Comparing January 2020 to January 2021, total building permits decreased 22% (49 vs 38). Likewise, Residential permits decreased 24% (34 vs 26) and commercial permits decreased 20% (15 vs. 12).

In addition, both building square footage and building value can be evaluated to better understand the scale of investment the City of Topeka.

Comparing January 2020 to January 2021, building square footage increased by 173% (106,782 sq. ft. vs. 291,505 sq. ft.). The value of building permits decreased by 7.3% ($10,651,512 vs. $9,869,157). The table below shows the Top 10 Permits by valuation through January 2021.

* The Top 10 Permits table includes permits with the highest project completion cost issued to date, both commercial and residential.
Residential Growth

The total number of residential building permits issued in the City of Topeka are an indicator of housing growth. The number of new residential building permits (by units), when comparing January 2020 to January 2021, increased 109% from (11 vs 23). Additions and alterations decreased by 60% from January 2020 to January 2021 (25 vs 10).

Tracking total new housing unit types can be an indicator of more quality housing choices and affordability in keeping with the priorities of the City’s Housing Market Study and Land Use and Growth Management Plan 2040 (LUGMP). From 2010 to 2019, the share of new non-single family units surprisingly did not grow, accounting for only 39% of new units. While the sample size is much smaller, an important reversal of that trend (66% non-single family share) is taking place since 2020.

In order to evaluate 2015 policy changes made in the LUGMP, tracking the location of new residential dwelling units created within Topeka (City), Urban Growth Area (UGA), Extra Territorial Jurisdiction (3-mile ETJ), and Shawnee County is vital. The City’s share of new dwelling units compared to all of Shawnee County was 85.2% through January 2021 (23 out of 27 units) compared to 72.2% in 2020 indicating better alignment with LUGMP priorities.
