## Small Business Grants Program

### Purpose:

The Small Business Grant Program provides operating assistance to business owners employing 1-25 persons as of 3/1/20 to keep residents employed as a result of the COVID-19 pandemic. Source of the funds is HUD's Community Development Block Grant (CDBG -CV) program and therefore businesses must be owned or employ low-moderate income persons. The applicant can apply up to \$20,000 in assistance for eligible expenses that occurred after 3/17/20 including:

- Payroll
- Rent/Mortgage
- Utilities
- Loss of Inventory
- COVID Related Purchases

Applications will be accepted continuously until funding has been depleted. Applicants will have until October 20, 2021 to use the grant funds. Minority and Women owned businesses will receive priority in the selection process, and 25% of the total grant allocation will be set aside for MBE/WBE businesses. Grants can't duplicate funding requested and received through other federal sources or programs.
