Small Business Grants Program

Purpose:

The Small Business Grant Program provides operating assistance to business owners employing 1-25 persons and have suffered a loss due to COVID-19. The source of the funds is HUD's Community Development Block Grant (CDBG-CV) program and therefore businesses must be owned or employ low-moderate income persons. The applicant can apply up to \$20,000 in assistance for eligible expenses that occurred after 3/17/20 including:

- Payroll
- Rent/Mortgage
- Utilities
- Loss of Inventory
- COVID Related Purchases

Applications will be accepted continuously until funding has been depleted. Applicants will have until October 20, 2021 to use the grant funds. Minority and Women owned businesses will receive priority in the selection process, and 25% of the total grant allocation will be set aside for MBE/WBE businesses. Grants can't duplicate funding requested and received through other federal sources or programs.

Small Business Grants Program Applications:

Applications Received	63
Applications Approved	29
In Reimbursement Process	11
Complete	18
Applications Declined	26
Incomplete	8
Applications in Process	
Approved MBE/WBE business	17

Notes:

Applications were accepted beginning 10/1/20. 41% of the funds have been committed and expensed. 59% are minority or woman owned businesses. The average grant for approved applications is \$19,090. Reasons for denial include not meeting income requirements, landlords wanting rent money, not in City limits, non-local chain etc.

Small Business Grants	Paid	Committed	Uncommitted	Grant Amt
TOTAL	\$430,734	\$128,041	\$802,303	\$1,361,078
Percentage of Total	32%	9%	59%	100%

Basic Needs Assistance Program

Purpose:

Operation COVID-19 Basic Needs Assistance Program is a foreclosure/eviction mitigation and utility prevention shut-off program created by the City of Topeka and administered by the Community Resources Council (CRC). \$1.5 million in CARES Act funds is available to qualified applicants to help cover expenses and help keep people housed and with utilities. The program is by appointment only. Applicants must be city residents, have Covid-related outstanding bills after March, 2020, and match no more than 100% of area median income.

Homeless Emergency Solutions Grant (HESG)

Homeless Emergency Solutions Grant (HESG) is a competitive grant process that agencies can apply for each year. The Continuum of Care approves the selection of the sub-recipients. HESG can only be spent for Rapid-Rehousing, Homeless Prevention, Homeless Management Information System and Shelter Operations. HESG is funded by HUD. The City was awarded nearly \$1.9M of HESG for COVID-19 related expenses (HESG-CV) to prevent homelessness in 2020.
