2015-2018 TIP Amendment #4 Summary

- TE-0306-1 (Shunga Trail near 29th & Fairlawn SW to I-470 Trail Extension): This project is being split into two parts (TE-0306-1 & TE-0306-2). This portion of the project will extend the Shunga Trail from 29th & McCLure to eastern KDOT ROW I-470. The project will include a 10 foot wide concrete sidewalk.
- TE-0306-2 (Shunga Trail Extension continued): This portion of the split project will extend the Shunga Trail westerly from the ROW line of I-470 to the south end of the Fairlawn bridge. The project will include a 10-foot wide concrete sidewalk.

Note: The original project scope and funding was revised to create TE-0306-2. Projects will be let separately but tied together. The project budget is approximately \$1.07 million and will be shared between TE-0306-1 and TE-0306-2. The City of Topeka and Shawnee County are funding construction and CE costs that exceeded the original TE grant estimate.

- 1. KA-3236-01 (US-24 Hwy Pavement Replacement): This project is new to the TIP, and entails both pavement, and bridge replacement on US-24 Hwy from Topeka Blvd. east to the Shawnee County line. Only Preliminary Engineering is being funded at this time.
- 2. KA-2089-01 (Bridge #122, K-4 bridge over Blacksmith Creek located in NE Shawnee County, Replacement): This project appeared in the 2013-2016 TIP at a cost of \$1,661,600. KDOT is now increasing the cost of this project and it therefore must be returned to the TIP. The new cost is \$2,109,003, a 25% increase. This modification is being processed because of an inactive project review and must therefore be returned to the active TIP.

TIP tables and budget summary tables are attached.
