- 1) Block Groups identified in Table 1 above represent 2000 & 2010 Census boundaries. Multiple Census Block Group data from the **2000 Neighborhood Health Map (1990 Block Groups)** are averaged in the Table to maintain simplicity. Refer to the Appendix of the Neighborhood Element for a complete breakdown of Block Groups by NIA.
- 2) Vital Signs are recorded by Census Block Group and do not necessarily conform to recognized neighborhood boundaries.
