INTRODUCTION

Topeka’s sign code (Title 18, Topeka Municipal Code) regulates the design, dimensions, and placement of signs used by businesses, institutions, and other entities for their identification. The purpose of a sign code is to:

- provide effective communications for businesses, institutions, and others
- improve physical appearance of the community
- enhance traffic safety and prevent visual distractions
- protect property values
- accommodate the rights of individuals to free speech
- preserve & promote the public health, safety, & general welfare
The City of Topeka sign code:

- Is outdated, highly permissive, and has not kept pace with best practices most other cities employ.
- Has not undergone a comprehensive update for at least 50 years with the exception of several key “band aids” related to billboards, electronic message centers (EMC), and Downtown.
- Lacks clarity and is not user-friendly for sign companies, city staff, and the lay public.
- Is not consistent with the 2015 U.S. Supreme Court ruling (*Reed v. Town of Gilbert, AZ*) which mandates **content-neutrality** (i.e., cannot read the sign to regulate it; only time/place/manner).

Community Surveys

- Aesthetics is one of three factors that drives community attachment (i.e., pride) which equates to more local spending/investment (*Momentum 2022*)
- Only 15% feel Topeka has “above average/excellent” aesthetics/appearance (*Momentum 2022*)
- A whopping 96% feel sign appearance is “very important/somewhat important” to the visual quality of the community (CoT Planning & Development Department’s *Visual Appeal Survey*)
INTENT

- Improve visual/aesthetic appeal (aka pride) per Momentum 2022

- Respond to Supreme Court direction time/place/manner only...can’t read sign to regulate

- Expand “Downtown standards” citywide
PROCESS

VISUAL APPEAL SURVEY

- Early 2018
- Visual Codes: Building design, landscaping, signs
- Signs: 964 respondents + 386 written comments

SIGN CODE COMMITTEE

- Planning Commission Chair (Katrina Ringler) and Zoning Inspector (Becky Esopi)
- Sign industry professionals (Cindy Proett, Virginia Baumgartner, Rod Hart, Steven Gee, Johnny Huffman)
- Legal Advisors (White & Smith LLC, Legal Dept)
- Met 9 times
- Benchmarked other cities

PUBLIC REVIEW

- 2 public meetings (Feb. 26, 2019)
- 10 Planning Commission meetings including public hearing May 20, 2019
- Direct mailings to all schools, churches, and portable message center sign users
VISUAL APPEAL SURVEY
**VISUAL APPEAL SURVEY**

**Q38 How important is the appearance of signs to the visual quality of a community?**

H19 SIGN CODE HANDBOOK
SURVEY FINDINGS

- Height and materials matter more than size; preference for short, monument-style signs over tall signs on poles.

- Poles without covers are more unappealing than poles with covers.

- The use of multiple wall signs on buildings, especially those constructed of low-quality materials, is very visually unappealing.

- The sites of businesses that use few signs, such as one monument sign and one to two wall signs, are more visually appealing than those sites that contain a larger number of ground and wall signs.

- Use of more than one temporary sign is very visually unappealing.

- Portable message center signs are lowest appealing sign by far.

</tbody>
</table>
EXCEPTIONS

Corner Lots

- If combining 2 frontages on a single sign, allow 130% of maximum sign area allowed for the street with the most street frontage.

130% of maximum sign area allowed
EXCEPTIONS

Historic Signs

Any sign listed or eligible for listing in a national, state, or local register or that contributes to the historic character of a listed property may be relocated or altered upon approval of the Topeka Landmarks Commission and is exempt from adopted dimensional standards.
EXCEPTIONS

Highway Signs

- Applies to sites zoned C-3, C-4, I-1, and I-2 that are either:
  a) within a **800 foot radius** of the intersection of the centerline of I-70, I-470, or US-75 (north of I-70 and south of I-470) with an arterial or collector street, OR
  b) within **120 feet** of the right-of-way of an on/off ramp
- Height max is **55 feet**; sign area max is **250 sq. ft.**
- May be pylon/pole style if exceeds 35 feet

- For sites zoned C-2, a sign is allowed to a height of **35 feet** and sign area of **150 sq ft.** Signs over 25 feet may be mounted on two covered columns each at least two (2) feet wide if their design is integrated with or matches overall sign design.
EXCEPTIONS

Master Sign Plans

- Applies to sites of 4 acres or more and having 5 or more tenants or 3 or more buildings in O&I2, O&I3, C-2, C-3, C-4, U, MS, or I districts, and any PUD with any of these corresponding use groups.
- Each site is allowed 1 “center sign” that is allowed to exceed the baseline height and size standards for that zoning district:
  - **O&I-1/2/3**: Height = 15 feet; Area = 100 sq ft
  - **MS-1**: Height = 20 feet; Area = 120 sq ft
  - **C-2, U-1**: Height = 20 feet; Area = 160 sq ft
  - **C-3, C-4, I-1, I-2**: Height = 30 feet; Area = 240 sq ft
- Signs over 25 foot in height may replace monument style with two covered columns matching sign design each at least 2 ft wide
- An approved master sign plan is required
INCIDENTAL SIGNS
INCIDENTAL SIGNS

Currently:
- Not addressed. No restriction on quantity of signs.

Proposed:
- Accommodate freestanding signs in all zoning districts.
- Quantity: 1-2 per 300 feet of street frontage; no limit if setback 30' or more from any property line.
- Sign Area: 6-64 sq ft based on zoning district/setbacks with a maximum of 6-150 for all incidental signs.
- Height: 4-8 feet based on zoning district/setbacks.
- Portable Pedestrian Signs: accommodated for buildings setback five (5) feet or less from the public street right-of-way where a sidewalk is present.
LEGAL NON-CONFORMING SIGNS

Definition: *Any sign lawfully existing prior to the adoption of a new code that does not conform to the new code*

## Current
- Signs are not addressed specifically.
- In practice, staff allows changes to existing legal non-conforming signs provided the height and area of the sign are reduced in keeping with provisions for legal non-conforming uses in Chapter 18.220.

## Proposed
- Legal non-conforming signs will be grandfathered **up to 20 years** after adoption of new code.
- **Re-facing** a sign will not trigger compliance with new code UNLESS associated with a major event as defined in the new code (e.g., tax incentives, rezoning, major renovation, etc.)
- Any alteration or dimensional change of **50% or more** to the sign area, cabinet size, height, or support structure shall achieve **full compliance**.
- Any alteration or dimensional change of **50% or less** of sign area, cabinet size, height, or support structure shall achieve **full compliance OR** at a minimum **partial compliance** by reducing its existing sign area and height by at least **34%**.
LEGAL NON-CONFORMING SIGNS

Existing Non-conforming Sign

BUSINESS NAME

55' height
300 sf area

Altered Non-conforming Sign
Reduced by 1/3 (34%)

36.3' height
198 sf area

BUSINESS NAME
SIGN MAINTENANCE

Currently

- Signs must be properly maintained per **TMC 18.10.100:**

  *All signs shall be maintained in good condition. A sign with missing or visibly damaged face panels, exposed internal lights and related internal hardware, visible deteriorating paint and rust, or structural damage that may be hazardous to the public is not in good condition and shall be repaired or be removed within a reasonable time as determined by the planning director or designee.*

Proposed

- No changes
ABANDONED SIGNS

Definition (proposed): An abandoned sign is defined as any sign on a property which no longer applies to a use of the property because the use has changed or the property has become vacant

Currently

- Not addressed

Proposed:

- Any abandoned sign in existence for a period of more than 6 consecutive months shall be removed or the face of the sign shall be covered.

- Any non-conforming abandoned sign in existence for a period of more than 24 consecutive months shall be removed.

- Non-conforming abandoned signs shall be removed immediately when the primary building on the property is demolished or removed.

- When an abandoned sign is removed, all parts of the sign, including structural supports, shall be removed.

- Grace Period: Any sign made “abandoned” by this code must comply within one (1) year from the date of adoption of the
EXAMPLES

Current Code:
- Paint only

Proposed Code:
- Remove within 1 year of adoption

Current Code:
- Add blank sign cover or remove

Proposed Code:
- Add blank sign cover now or possibly remove if found to have been abandoned for at least 24 months (1 year after grace period)
EXAMPLES

Current Code:
- Add blank sign covers or signs

Proposed Code:
- Add blank sign cover now and possibly remove if found to have been abandoned for at least 24 months (after 1 year grace period)

Current Code:
- No action; permitted

Proposed Code:
- Cover sign now and possibly remove abandoned sign if found to be non-conforming (after 1 year grace period)
TEMPORARY SIGNS
TEMPORARY SIGNS - Yard Signs

Current Code:
- No more than 1 on the property at a time
- Limited to duration of an “event” and for only 2 events per calendar year
- In residential zoning districts — max 6 sf area and 4 feet in height, except for parcels greater than one acre allowed 32 sf area and 6 feet in height. In other zoning districts, max 32 sf area and 6 feet in height.

Proposed Code:
- No change to height and size standards.
- For other than sf or two-family residential, allow 1 per 200’ street frontage.
- Duration limited to 30 calendar days per single time period, 4 time periods per year and no more than 120 calendar days per year (limited to 2 time periods and 60 calendar days per year in SF residential districts.)
TEMPORARY SIGNS
Free-standing Banners

Current Code:
- Prohibited

Proposed Code:
- Allowed
- Same standards as “free-standing yard signs”
TEMPORARY SIGNS

Feather Flags

**Current Code:**
- Not accommodated
- Do not meet height standards of other free-standing signs

**Proposed Code:**
- Max 30 sf area and 16 feet in height
- 1 per 200’ street frontage in commercial districts; 1 per street frontage in R, M, and OS districts
- Duration limited to 15 days per time period; max 4 time periods and total 60 calendar days per year in commercial districts OR 2 time periods and 30 calendar days per year in R, M, and OS districts
TEMPORARY SIGNS

Wall Banners

Current Code:

- No limit on quantity
- Must be placed flat on any face of the building; placement on fences and other accessory structures not allowed.
- Area of all signs shall not exceed 25% of the surface of the building face on which signs are placed
- Unlimited duration

Proposed Code:

- No limit except 1 per building in R, M-1, and OS-1 districts
- In all other districts the cumulative total of all wall banners shall not exceed ½ of maximum signage allowed for permanent wall signs.
- Can only be on primary building wall NOT accessory structures or fences
- Frayed, faded, and torn banners shall be removed
PORTABLE MESSAGE CENTER SIGNS

Current Code:
- A 12-month permit is required for each portable sign which allows them to be used continuously without time limits.
- Unlimited number
- Size not conforming in R districts (>6 sq ff)

Proposed Code:
- Allow in “C” and “I” districts + churches and schools
- 2 events per year; 30 days per event; 30 days in between event
- Require permit; meet electrical code
- No flashing lights
- Setback 5’ from property line
- 24-month amortization (phased out completely)

NEW FORMAT

Wall Signs

Definitions

Wall Sign
A sign (other than Projecting Sign, Roof Sign, or Window Sign) that uses a building wall as its primary source of support, and that:

1. Is placed directly on and contained totally within the dimensions of the outside wall.
2. Does not extend more than 18 inches from a building surface

Notes/Exceptions:

1. Regardless of the width of the building façade, each single tenant building is allowed a minimum of 1 wall sign per façade, and each multi-tenant or multi-use building is allowed 1 sign per tenant or use per façade.

2. Wall signs on facades located 300 ft or more from the street ROW to which they face are permitted up to 200 sq ft in OSI, C-1, U-1, MS-1, and D-2 districts, and up to 330 sq ft in all other zoning districts.

3. Wall signs shall not cover or obstruct any architectural features deemed integral to the historic appearance or character of the building. Such features shall include, but are not limited to, transom windows, detailed brick, tile, or shingles.
SUMMARY OF RECOMMENDATIONS

- Maximum sign size would generally be proportional to the size of the building/property instead of a “one size fits all” approach.

- The number of signs in commercial areas would now be limited based on the size of the property instead of allowing an unlimited number of signs on any property.

- Commercial zoning districts would see reduced size and height limits except along highway intersections and at shopping/commerce centers.

- Churches, offices, and multi-family areas would see more relaxed standards.

- Pole signs would be prohibited in favor of monument style for freestanding signs.
SUMMARY OF RECOMMENDATIONS

- All temporary signs would be accommodated between 30 and 120 days depending on the zoning district instead of an undefined “event” period.

- Abandoned sign prohibitions would be phased in after 1 year.

- Portable message center signs would be phased out after 2 years but be more restricted until then instead of not having any time, place, or number restrictions.

- Once the code is adopted, only new signs would need to comply with the new standards. Existing signs made non-conforming because of the new code would be allowed to continue as is unless the size of the sign is altered voluntarily.

- All signs would have to comply with the new code after a 20-year amortization period.
