

Street Improvement Project No. 841097.10  
SE 29<sup>th</sup> Street - SE Adams St.  
to SE California Ave.

# Scope of Work

- Full depth patching of pavement with a complete mill and 2” asphalt overlay
- Replace deteriorated curb and gutter and new pavement markings.
- Replace deteriorated existing corrugated metal storm sewer pipe and inlets.
- Replace deteriorated sanitary sewer pipe in two locations.
- Replace deteriorated waterline in two locations.

# PROJECT NO. 841097.10

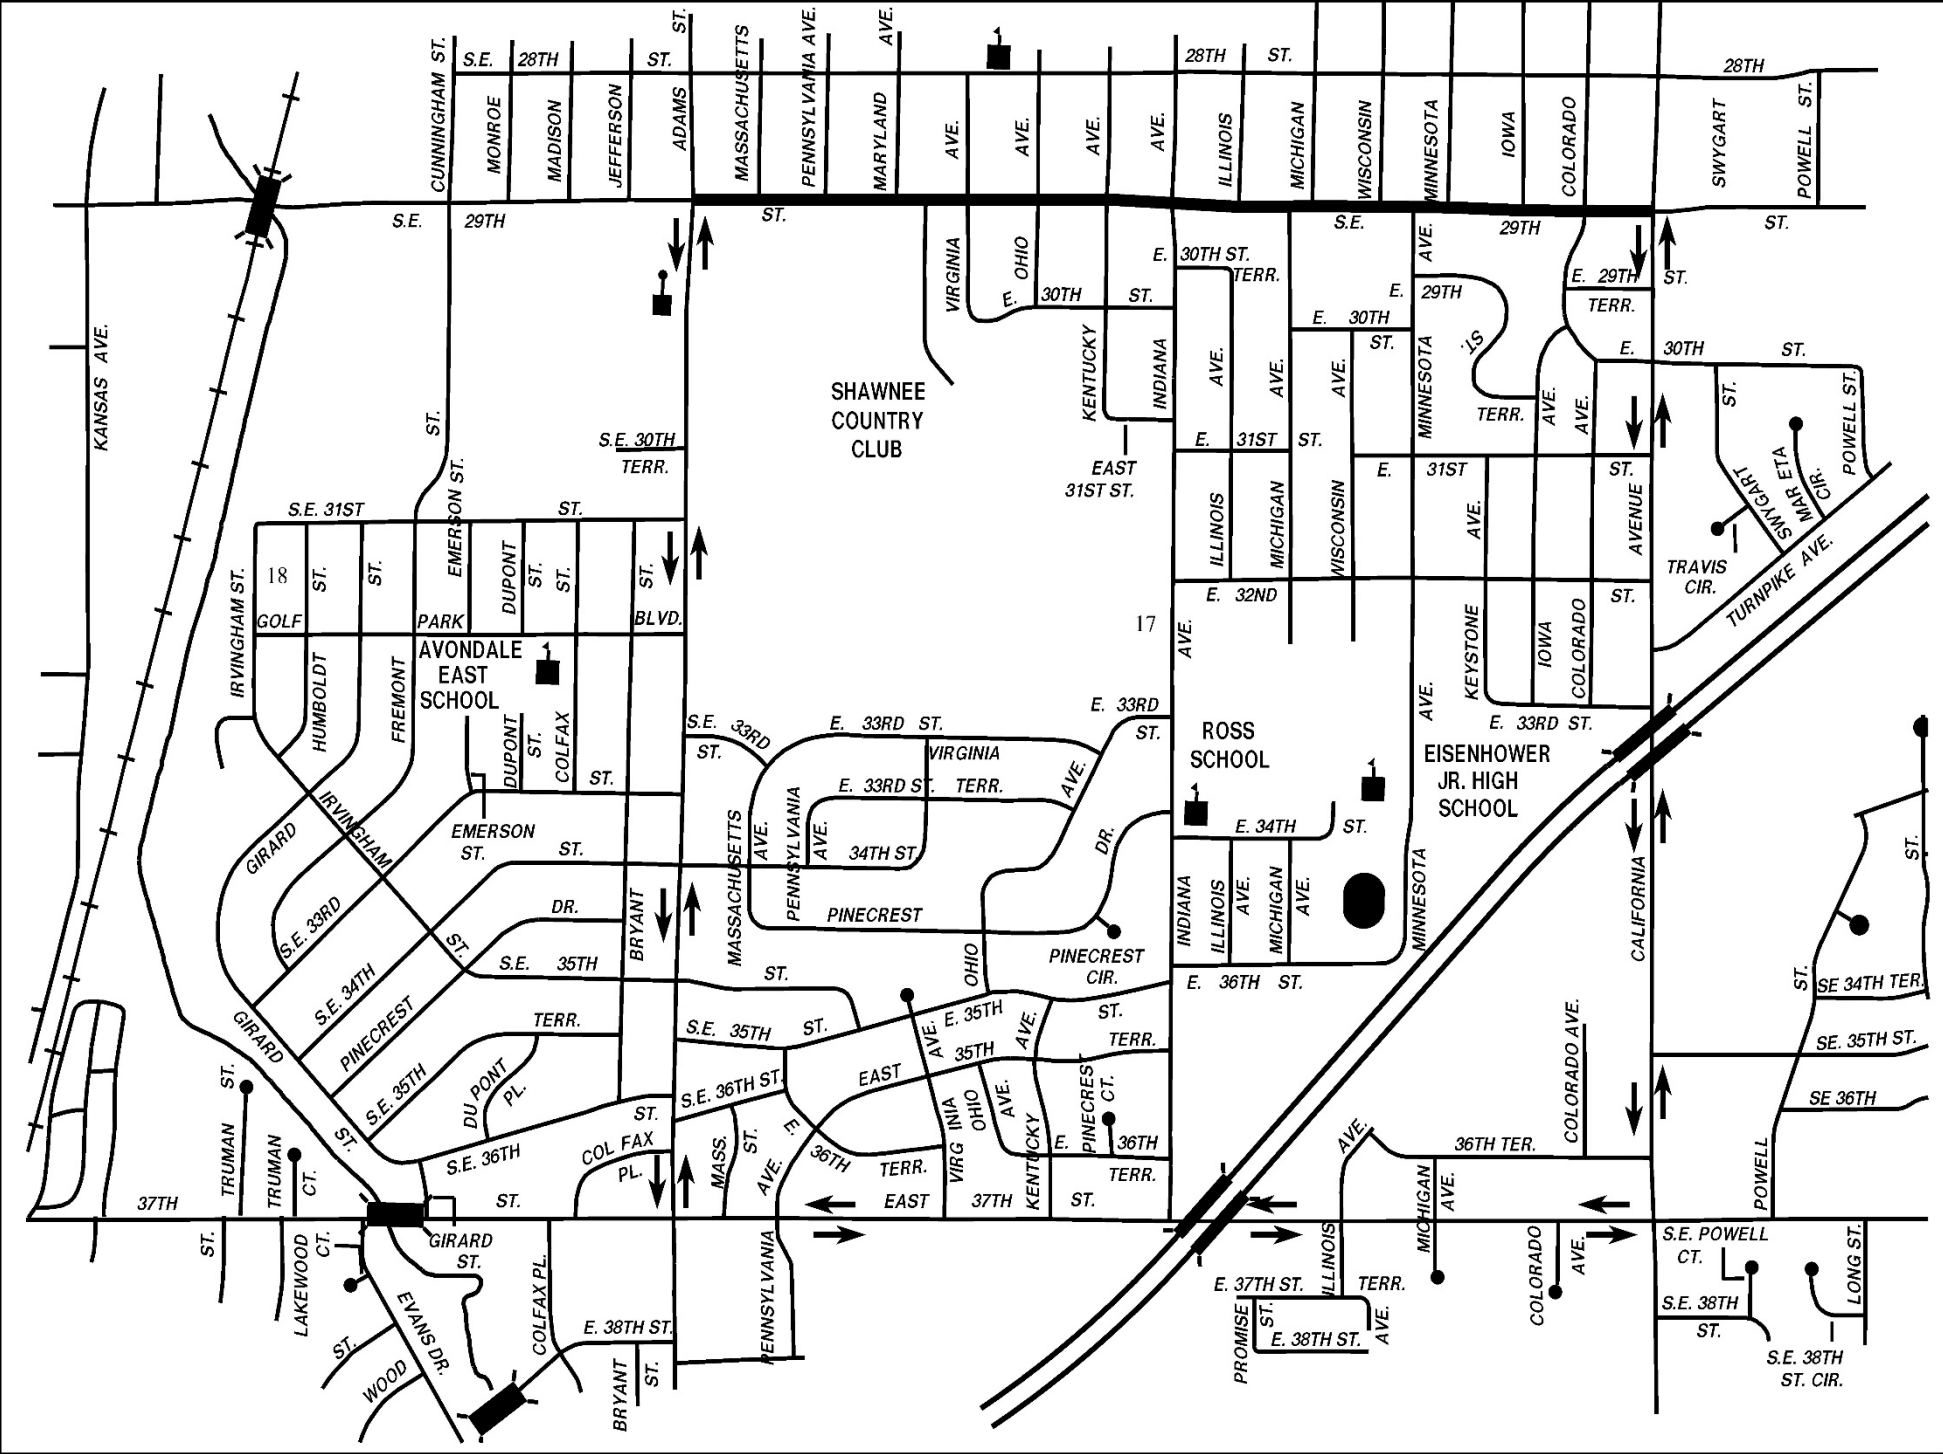

SE 29<sup>th</sup> Street - SE Adams St. to SE California Ave.

# Project Traffic Control

29<sup>th</sup> Street will be open to one lane each direction during construction except for waterline and sanitary sewer replacements between Pennsylvania and Maryland as well as between Iowa and Colorado. During the replacement of the water and sanitary sewer lines, the road is to be closed to through traffic. Traffic will be carried on a signed detour on California to 37<sup>th</sup> to Adams.

# Project Detour Route

# During Construction

- ▶ Properties that abut SE 29<sup>th</sup> Street will have temporary mailboxes relocated to a central location as per the Post Master. Permanent mailboxes will be reinstalled after completion of the work.
- ▶ Trash containers will be picked up weekly by the Contractor and taken to a location for disposal by the trash hauling companies. Make sure the cans are out when they are usually picked up.
- ▶ If there is a problem or concern, seek out the Contractor's superintendent or the project inspector first.

# Project Schedule

The current schedule for the project is;

- ▶ This is a calendar day completion project.
- ▶ Start work tentatively on August 13, 2024.
- ▶ Work substantially completed December 13, 2024.
- ▶ All work finally completed by December 20, 2024.
