

Water Service Turn-On Release

THIS RELEASE is executed on the date set forth below by the undersigned Customer.

1. The undersigned Customer understands that when City turns on Customer's water service, it will pressurize the plumbing at Customer's premises which may cause leaks or flooding. This means that if no one is on-site when the water is turned on and there are leaks in the Customer's plumbing, flooding may occur. Customer has advised that Customer will not be on-site when the water is turned on. As such, Customer acknowledges that they are responsible for ensuring that there is no water leaking from the plumbing fixtures or system that could cause damage at Customer's premises. If, during a field representative's visit to the customer's premises, more than 10 gallons of water is registered running through the meter and there is no one over the age of 18 on-site, the water service will be turned off. The customer must call during normal business hours to reschedule service restoration, a fee may apply.
2. In consideration of City turning on the water service at Customer's premises without the Customer's presence, the undersigned Customer, for themselves, their heirs, successors, and assigns, hereby releases, acquits, and forever discharges City and any of its officers, employees, or elected officials from any and all claims, suits, damages, costs or expenses, including attorneys' fees and litigation expenses, arising from City turning on water service at Customer's premises.
3. Customer hereby agrees not to assert against City or any of its officers, employees or elected officials any claim, demand, or suit resulting directly or indirectly from City, or agent acting on its behalf, turning on the water service to Customer's premises in the absence of the Customer. Customer further agrees to indemnify and hold harmless the City, or agent acting on its behalf, and any of its officers, employees or elected officials from any damages, costs, or expenses, including attorney's fees and litigation expenses, incurred by or on behalf of City, or agent acting on its behalf, and any of its officers, employees or elected officials.
4. The undersigned acknowledges that they are at least 18 years of age, are the Customer, or are specifically authorized by the Customer, at whose premises the water service will be turned on, and have the legal authority to enter into this Release for the premises listed below.
5. The undersigned Customer affirms that they have carefully read the foregoing Release and understand its contents, and signed the same as their own free act.

I have read and agree to the terms of this release.
